

AMS Climate Studies Spring 2012/Fall 2012 Schedule

The following is the schedule of our postings of Current Climate Studies investigations to the course website. There will be one investigation per week, posted each Monday, which can be used to supplement the Investigations Manual activities. Current Climate Studies answer keys and Respondus® files will be posted to the faculty website on the same schedule.

Spring 2012

Week	Monday Date	Topic
Preview	Jan 16	Today's Climate Science
1	Jan 23	Today's Climate Science
2	Jan 30	Monitoring Climate
3	Feb 6	Earth's Energy Budget
