To be completed by your school principal or appropriate supervisor:

"I recommend the above applicant as a WES course participant and agree to facilitate the teacher's role as a resource person on the use of current environmental data across the curriculum. The participant's school will make available a computer (MAC or IBM 386 or greater), printer, and a school Internet connection with a Web browser at least two weeks in advance of the course start date. The participant will also have access to a telephone facsimile machine for weekly transmissions and receipts. I will continue to support the participant at this level for at least one school year beyond course enrollment."
