

Composite of Responses to Questions 1 and 2: Regardless of the cause, do you think that global warming is happening? How sure are you?

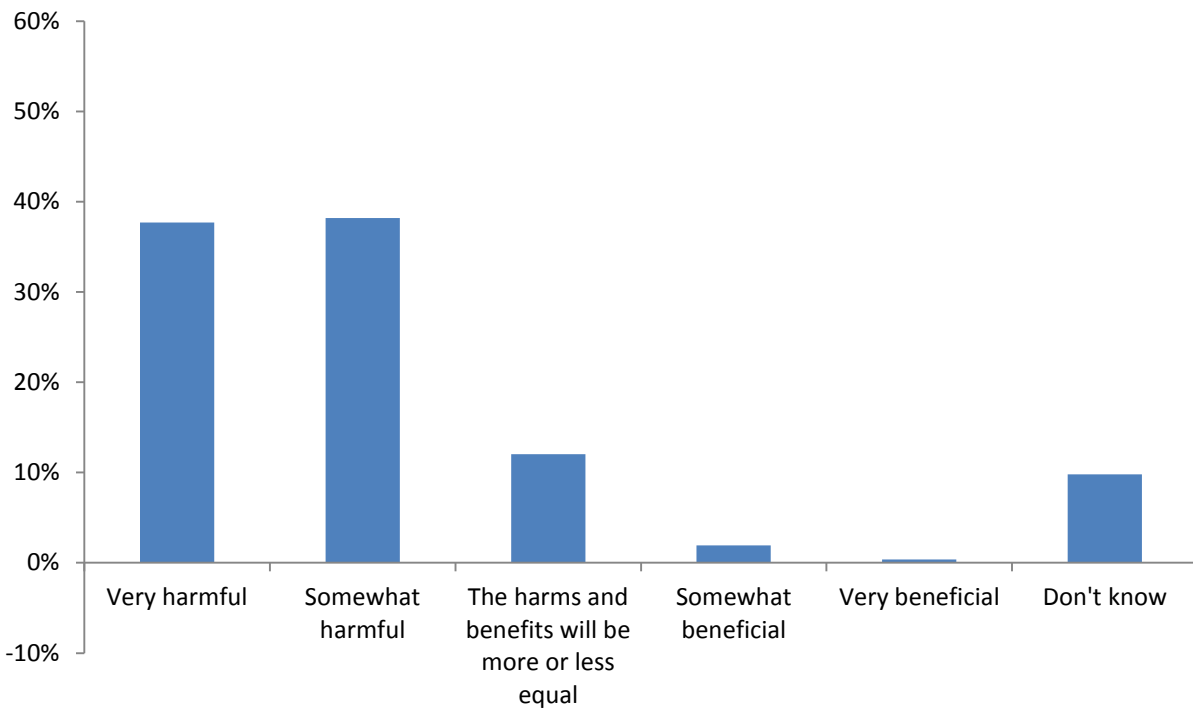

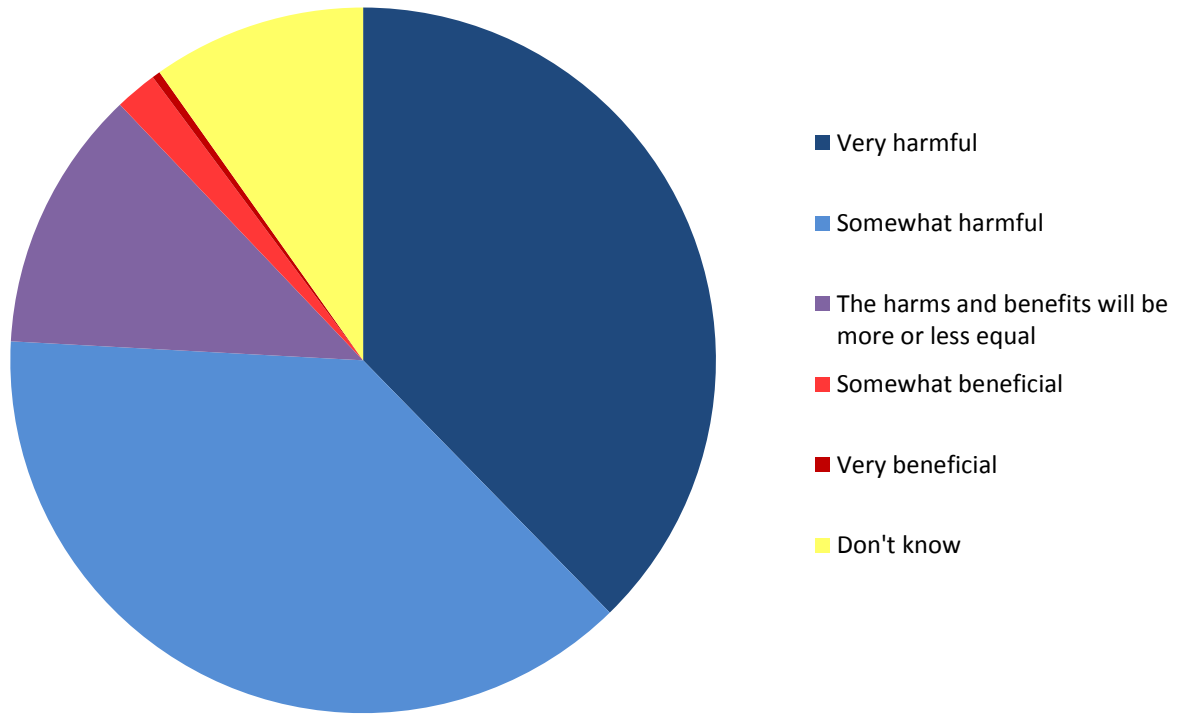

3. Do you think that the global warming that has occurred over the past 150 years has been caused...

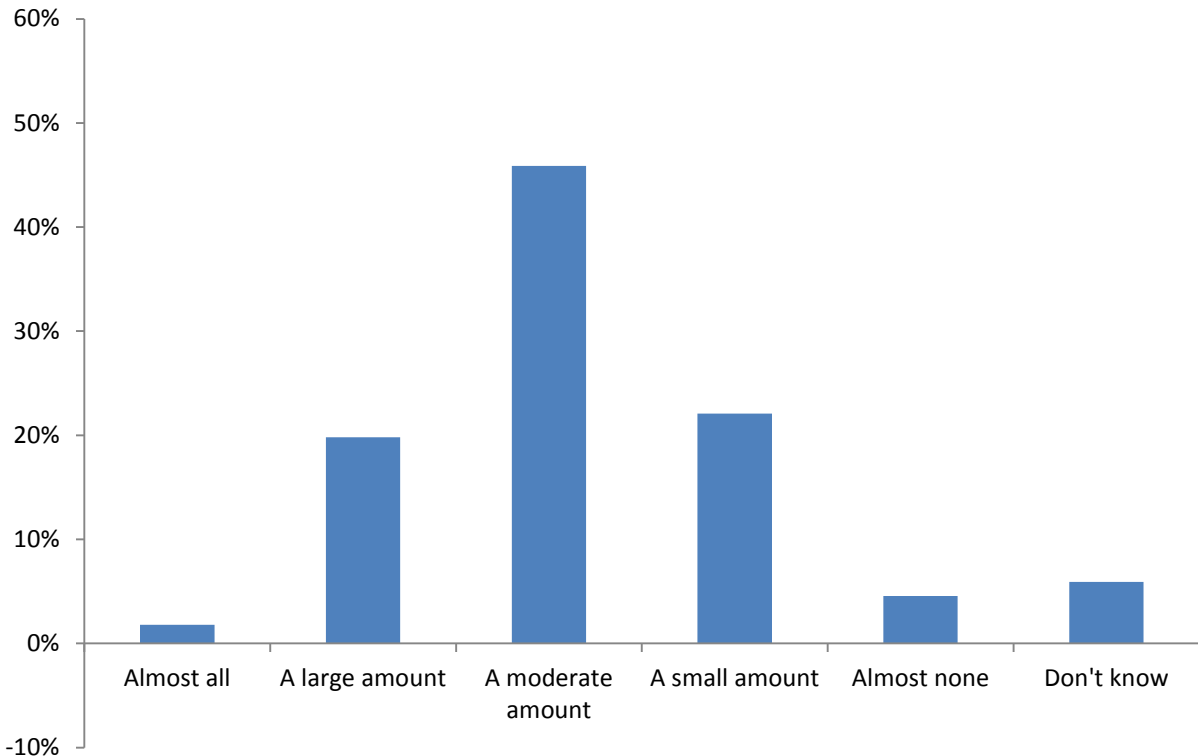

[Asked if answer to Question 1 is "Yes"]

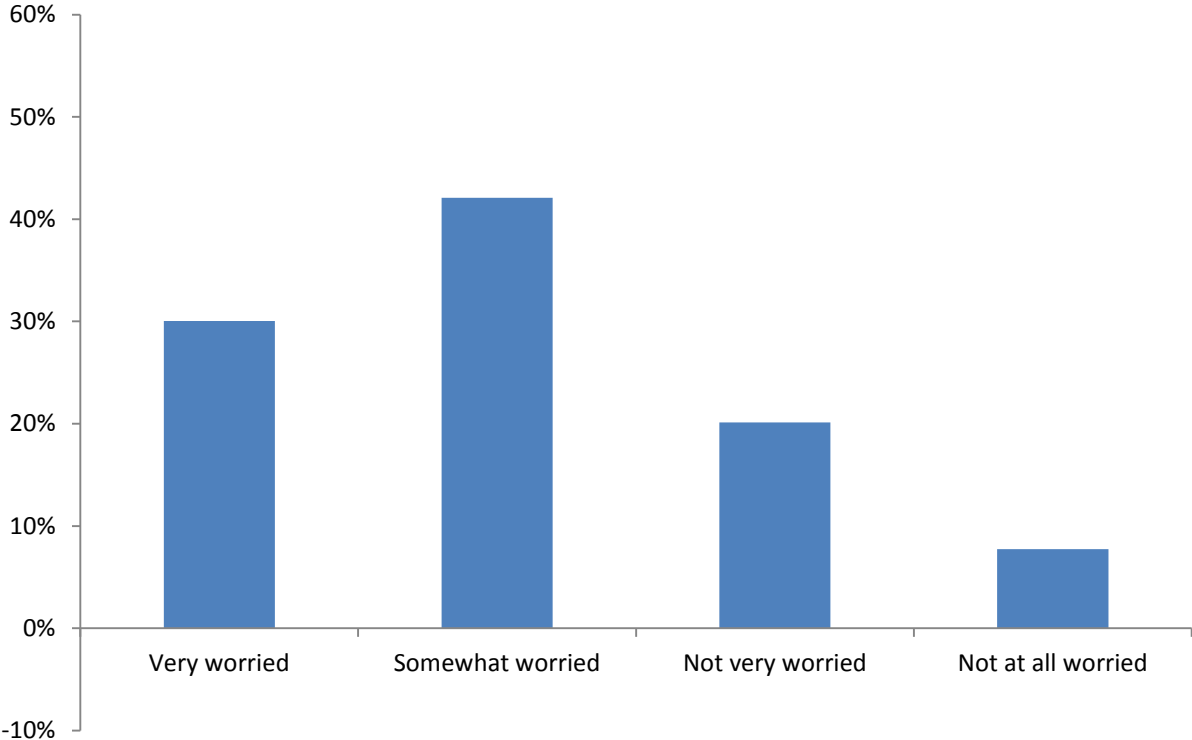

4. Over the next 100 years, how harmful or beneficial do you think global warming will be to people and society, if nothing is done to address it?
[Asked if answer to Question 1 is "Yes"]

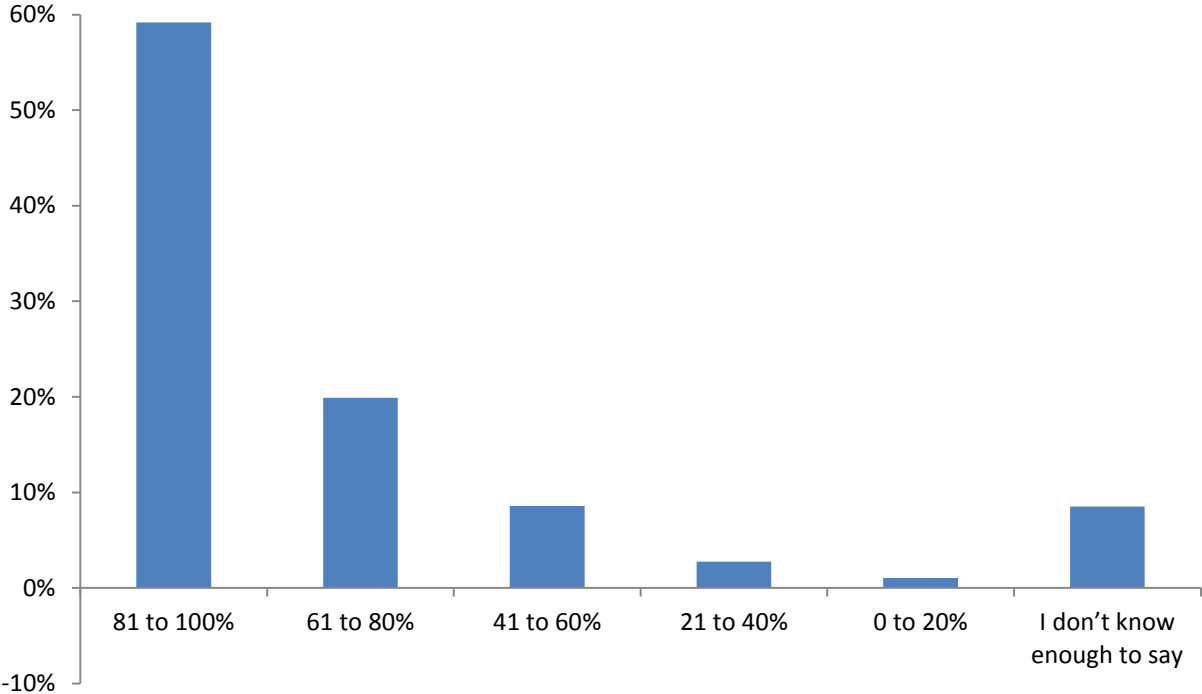

5. How much of the harm to people and society that may be caused by global warming over the next 100 years can be prevented through mitigation measures (i.e., actions intended to decrease radiative forcing) and adaption measures (i.e., actions intended to reduce vulnerability)?
[Asked if answer to Question 4 is “Very harmful”, “Somewhat harmful” or “The harms and benefits will be more or less equal”]

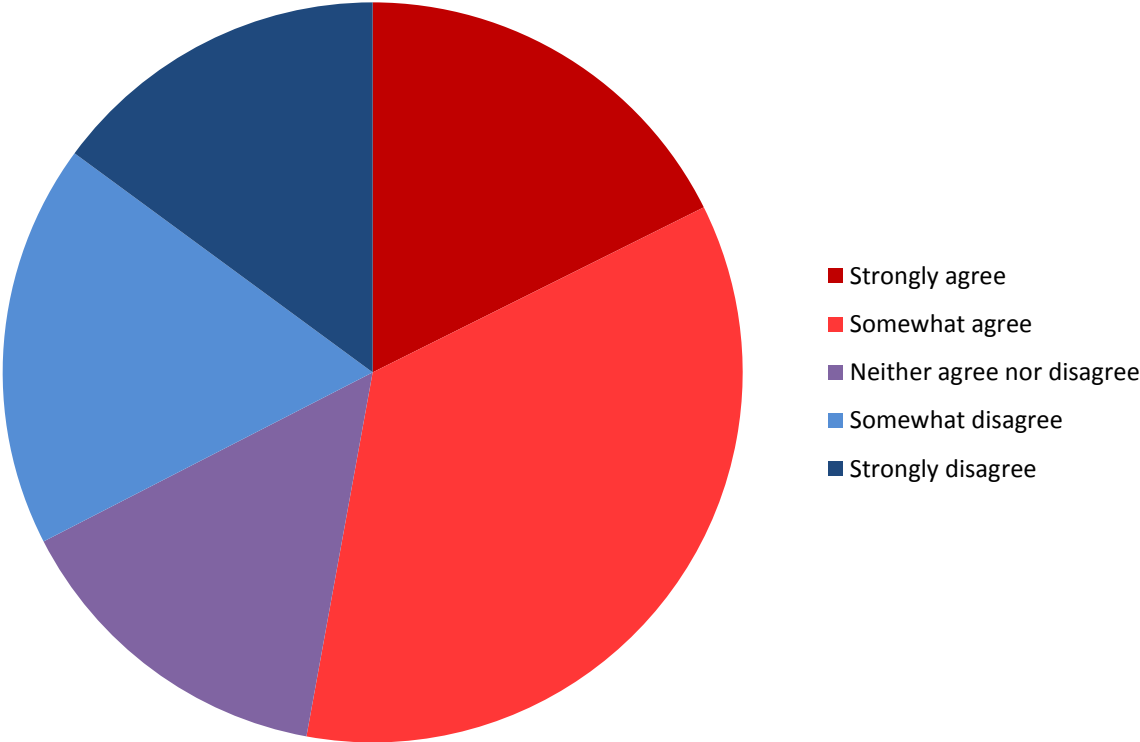

6. How worried are you about global warming?
[Asked if answer to Question 1 is "Yes" or "Don't know"]

7. To the best of your knowledge, what proportion of climate scientists think that human-caused global warming is happening?

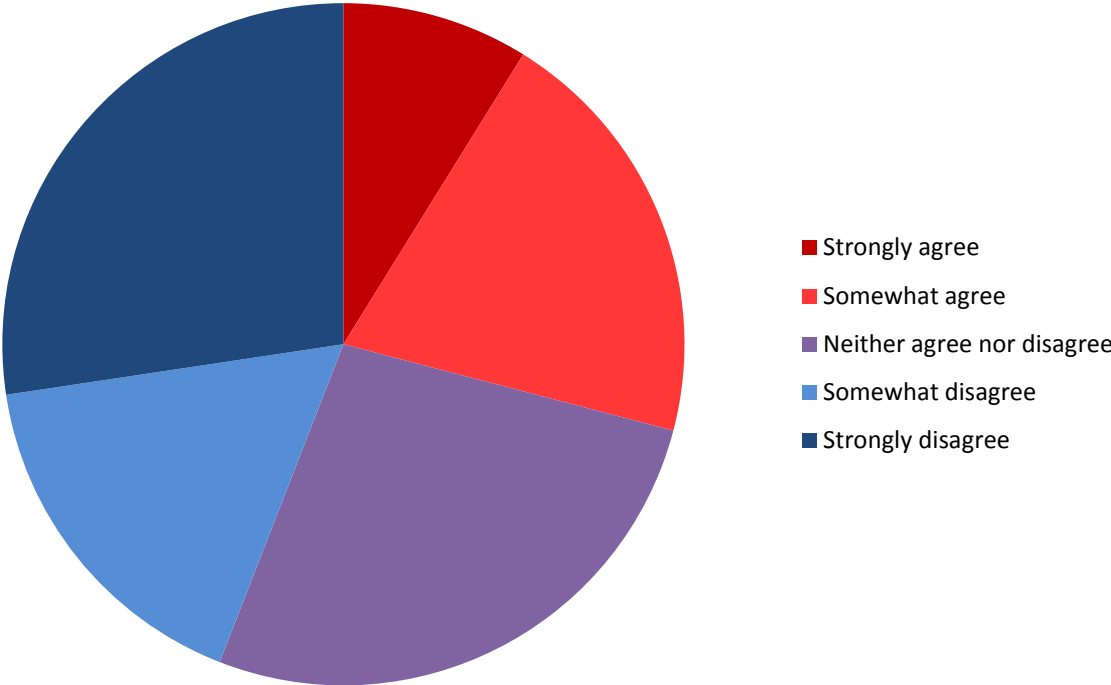

8. Do you agree or disagree with the following statement: There is conflict among AMS members on the issue of global warming.

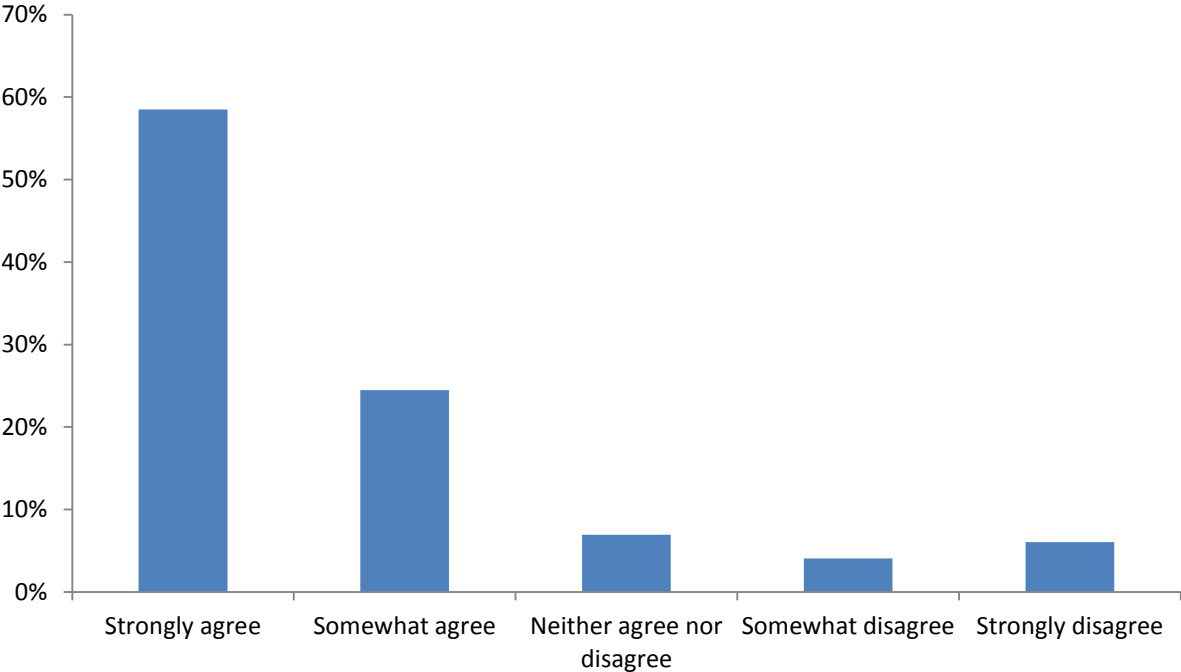

11. I am reluctant to bring up the topic of global warming in AMS meetings or other AMS forums.

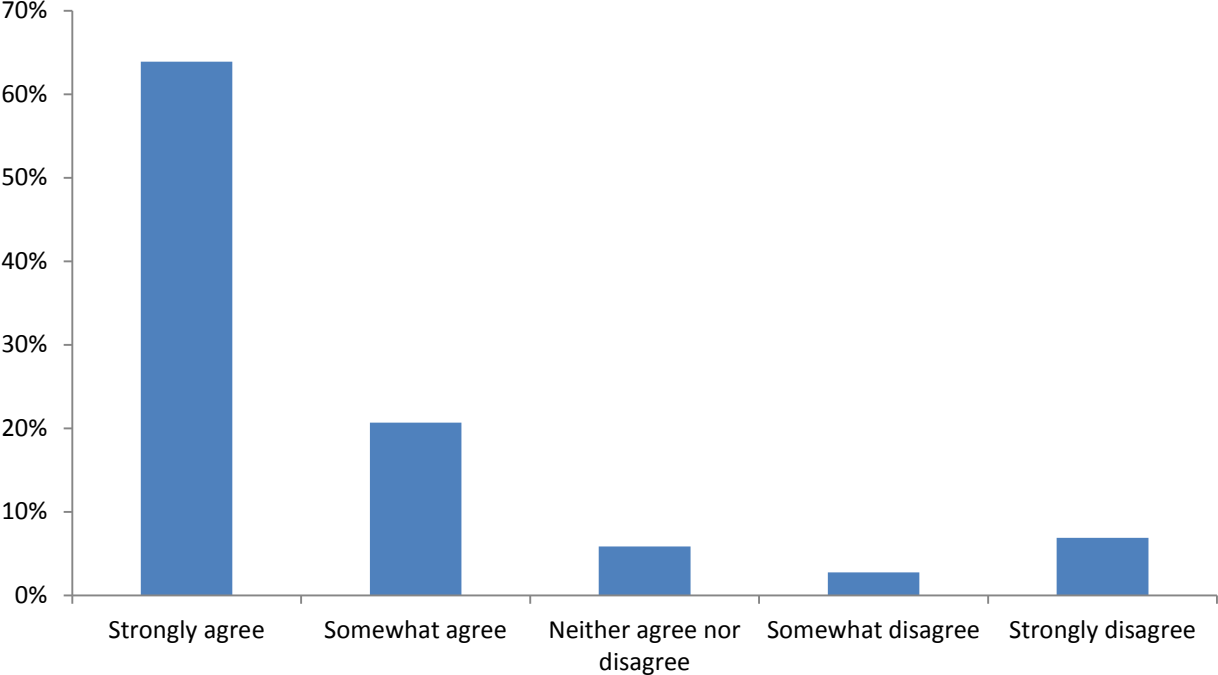

[Asked if answer to Question 8 is "Strongly agree" or "Somewhat agree"]

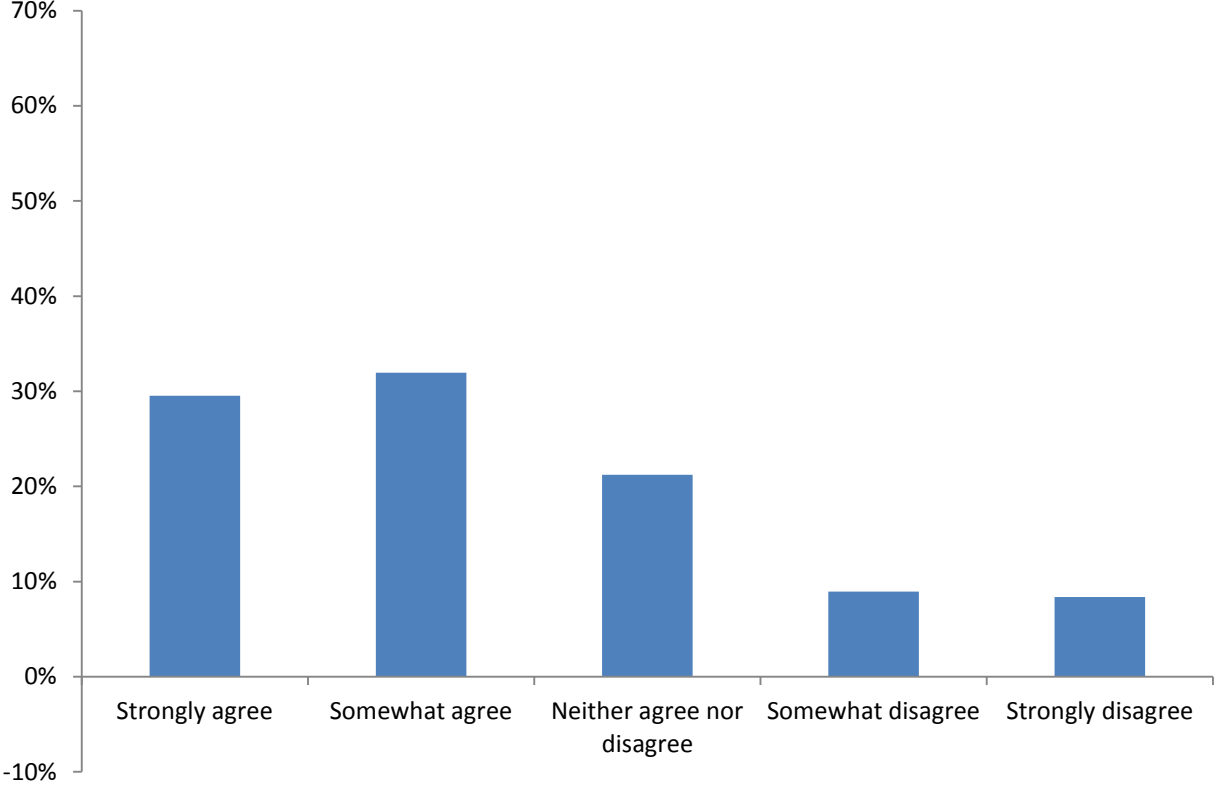

17. I think that AMS should help to educate the public about global warming.

18. I think that AMS should help to educate policy makers about global warming.

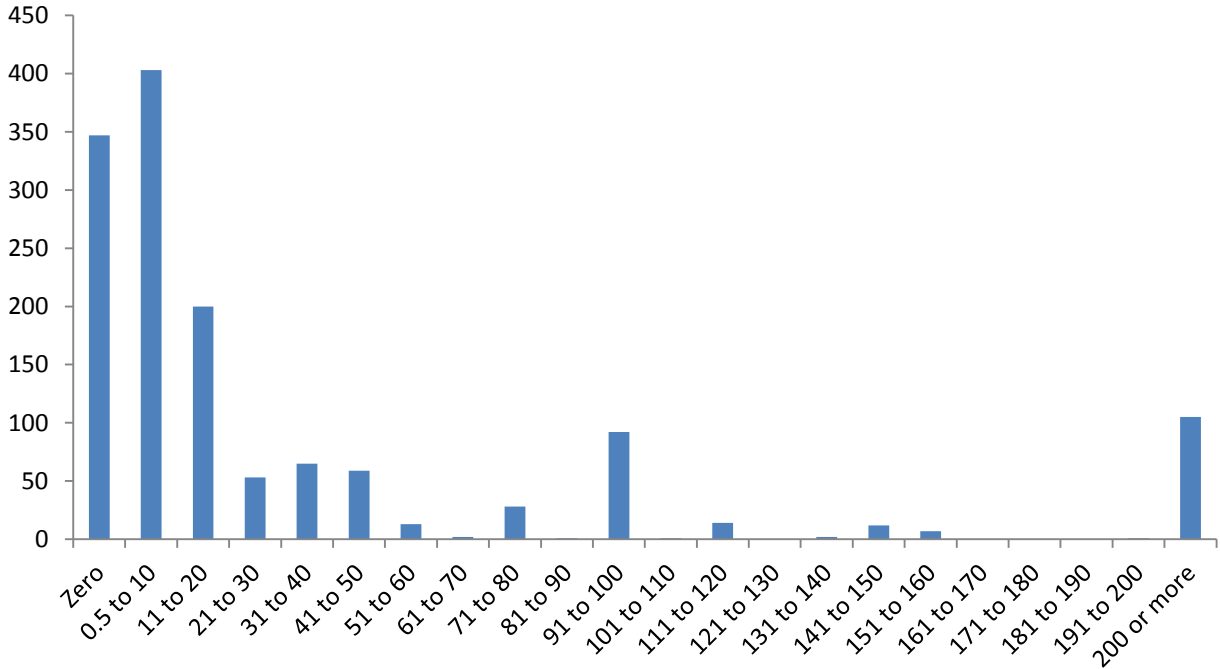

19. I am personally interested in helping to educate the public or policy makers about global warming.

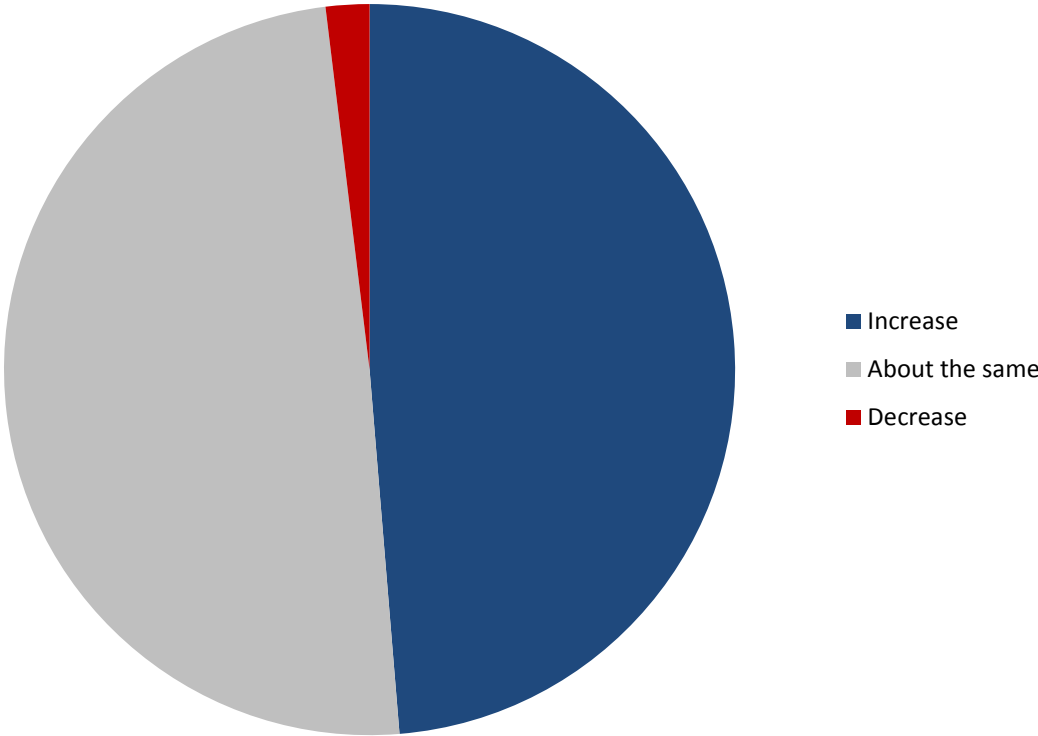

20. Over the past 12 months, approximately how many hours have you personally spent educating (or making preparations to educate) the public or policy makers about global warming?

[Asked if answer to Question 19 is “Strongly agree”, “Somewhat agree” or “Neither agree nor disagree”. Maximum possible response was 999.]

21. In the future, would you like to increase, decrease or keep your global warming educational activities at their current level?

[Asked if answer to Question 19 is “Strongly agree”, “Somewhat agree” or “Neither agree nor disagree”]

32. Please evaluate this survey by indicating your agreement or disagreement with the following statement: *The response options provided in this survey (i.e., the answer options that you choose from in response to each question) allowed me to fairly represent my views.*
