MEETING ANNOUNCEMENT

(Cancelled November Global Warming Meeting Rescheduled)

WHAT: The much talked about Oregon Chapter of the American Meteorological Society (AMS) meeting on anthropogenic (human caused) global warming has been rescheduled! Come take a look at the science, both the logic and the evidence. Is human caused global warming the greatest scientific myth of our generation?

WHEN: Wednesday, January 25th 2012 from 7-9 PM. Please plan to arrive early. A large turnout is expected. There will be a no-host social hour in the Shilo restaurant from 5-7pm. Come eat dinner and/or have a beverage. Catch up with friends and colleagues!

WHERE: Portland Airport Shilo Inn Convention Center Ballroom 11707 NE Airport Way, Portland, OR 97220. Hotel directions: http://www.shiloinns.com/hotel_details.asp?PI=PASOR

COST: Free and open to the general public. Media is also welcome. Please re-forward this communication to all those who may have originally received it in November.

GUEST SPEAKERS: Former Oregon State Climatologist George Taylor, Meteorologist Chuck Wiese and Physicist Gordon Fulks, PhD.

AGENDA: Come hear Mr. Taylor, Mr. Wiese and Dr. Fulks explore what they consider to be the many problems with the theory of catastrophic human-caused climate change. They will also present their own forecasts for the next decade, century, millennium and beyond. There will also be a public Q & A session at the conclusion of the meeting.

DISCOUNTED HOTEL ROOM RATES: The Oregon AMS negotiated discounted hotel room rates for our out-of-town guests. If you are in need of overnight accommodations, please e-mail hotel catering director Jessica Waters at: jessica.waters@shiloinns.com

CONTACT: Oregon AMS President, Steve Pierce at: stevepierce@comcast.net or 503-504-2075. Oregon AMS web site: <http://www.ametsoc.org/chapters/oregon>

DISCLAIMER: The Oregon Chapter of the American Meteorological Society has no formal position on the subject matter of climate change. Our society is committed to our mission statement which reads: *The purpose of this society shall be to advance professional ideals in the science of meteorology and to promote the development, exchange, and application of meteorological knowledge.* To that end, we are planning to host a future meeting with the opposing side of this subject matter. Please stay tuned for additional details.
