

NOMINATION TO GRADE OF HONORARY MEMBER

Name of Nominee

Sponsor

Please provide a separate letter of no more than two pages giving a concise recommendation statement outlining the nominee's major accomplishments and contributions to the atmospheric or related sciences. Include a full CV and attach or send under separate cover supporting nominations, up to three.

The Sponsor (who should be an AMS member) should submit this form no later than **1 July** to: Executive Committee, American Meteorological Society, 45 Beacon Street, Boston, Massachusetts 02108 (see www.ametsoc.org/AMS for previous recipients and Nomination Submissions Notice in Bulletin of the AMS). NOTE: To avoid disappointment in the event of failure of election, the nominee should not be informed that he/she is being nominated.

Constitution Article III, Section 5: "Honorary Members shall be persons of acknowledged preeminence in the atmospheric or related oceanic or hydrologic sciences, either through their own contributions to the sciences or their application or through furtherance of the advance of those sciences in some other way."

Nomination to Honorary Membership is open to AMS members and non-members. It is awarded for accumulated distinction over a number of years rather than for a single accomplishment. It is an especially appropriate recognition for individuals whose contributions have very significantly reached in from other fields. In keeping with the Society's international scope, it should be awarded for high eminence irrespective of nationality or country of residence. New Honorary Members are elected each year by the Council at its fall meeting from a slate submitted in priority order by the Executive Committee. Nominations considered are those submitted in the current and the preceding two years.
