

Inland Flooding

Reducing Risk and Mitigating Impacts

May 6, 2015 • 1:30–3:00pm
Capitol Visitor Center, Room SVC 201-00

Please RSVP to yseidgreen@ametsoc.org by May 4, 2015 COB

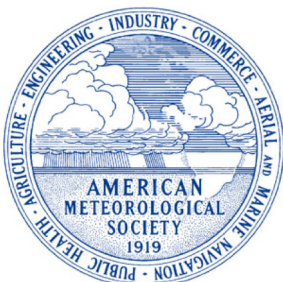

Speakers:

- **John Dorman**, Program Director
NC Floodplain Mapping Program
- **Stephen Bekanich**, Director
Bureau of Recovery and Mitigation
Pennsylvania Emergency Management Agency
- **Ceil Strauss**, State Floodplain Manager
Minnesota Dept. of Natural Resources
Vice Chair, Association of State Floodplain Managers
- **Stacey Underwood**, Silver Jackets Program
Coordinator
Baltimore District, U.S. Army Corps of Engineers

Topic:

Spring is a dangerous time along our rivers and water bodies. Floods are one of the most common, and costly, natural hazards. Annual flood damages in the United States average over \$6 billion per year. This briefing will explore:

- advances in flood mapping
- mitigation and response options
- on-the-ground examples of successful flood management, intervention, and response by inter-agency teams

Presented by the American Meteorological
Society and the Association of State
Floodplain Managers

Part of the AMS Capitol Hill Briefing Series
