

The Science Systems and Applications, Inc. (SSAI) Scholarship—The SSAI scholarship is established to support the growth and development of future scientists, engineers, or technologists. SSAI's corporate vision is to improve the quality of life through our leadership in the advancement of science, engineering, and technology. We support pioneers in science and engineering such as NASA and NOAA. For more than 35 years, we have been by their side, aligning with their vision and goals to provide excellent research and technical support. We've made significant contributions to more than 130 Earth and space science missions. SSAI's exceptional services are built on our genuine passion for research and innovative solutions, and our expert scientists, engineers, and IT professionals share a commitment to providing solutions for the unique needs of each client. SSAI has a long history of supporting the development of young professionals and piquing their interest in protecting our blue planet. This scholarship carries a \$2,000 stipend.
