KEY - The Coriolis Effect and Other Forces of Motion, Project Atmosphere Module

Coriolis

1. a. straight
2. b. curved
3. b. straight ... curved
4. b. curves to the right
5. a. curves to the left
6. b. northwest
7. b. at an angle to
8. c. Coriolis force
9. d. force of friction ... southeast
10. d. counterclockwise and inward
11. c. poles
12. c. right ... left
13. b. within
14. b. be at an angle to the nearest isobar toward lowest pressure
15. b. right
