# SPONSORSHIP OPPORTUNITIES

The AMS Washington Forum and Summer Community Meeting offer a unique opportunity to connect with leaders across the Weather, Water, and Climate Enterprise. These meetings serve as essential platforms for addressing critical policy and industry challenges, fostering collaboration, and highlighting innovative solutions. With recent rapid policy changes reshaping the landscape, this is a particularly important time to participate. Sponsors gain valuable visibility among decision-makers and experts shaping the future of the enterprise while demonstrating their commitment to advancing science, technology, and policy in the field.
