

AMS 2024-25 Schedule

Current Ocean Studies

AMS Ocean Studies investigations are complimented by Current Ocean Studies posted to the RealTime Ocean Portal during fall and spring semesters.

COS 1–3 will be posted before the beginning of fall and spring semesters to accommodate starting dates at different institutions.

When a new activity is posted on Monday morning to the RealTime Ocean Portal, the oldest moves to the Archive Portal. All archived COS are available for the rest of the academic year, as is the previous year. Answer keys and Respondus® files will be posted to the Faculty Portal.

COS 13–15 are independent chapters and may be used at any point in the course. They are posted before fall semester. **Break Week** falls on **October 14** and **March 3**.
