

AMS 2024-25 Schedule

Current Climate Studies

AMS Climate Studies investigations are complimented by Current Climate Studies posted to the RealTime Climate Portal during fall and spring semesters.

CCS 1–3 will be posted before the beginning of fall and spring semesters to accommodate starting dates at different institutions.

When a new activity is posted on Monday morning to the RealTime Climate Portal, the oldest moves to the Archive. All archived CCS are available for the rest of the academic year, as is the previous year. Answer keys and Respondus® files will be posted to the Faculty Portal.

Break Week falls on **October 14** and **March 3**.
