 - e. February 2–6, 2014, Atlanta GA, Fourth Aviation, Range and Aerospace Meteorology Special Symposium, TBD Program Chair
3. Lessons Learned: I will ask for inputs after the meetings, so please make notes of anything that you notice that we should let future program chairs know about, good or bad.
4. ARAM Web Page (Bjarne Hansen)
 - a. Review and comment on new page created and linked from ARAM STAC page, or <http://www.ametsoc.org/stacpges/aram/>
 - b. TOR review
 - c. Bill Vaughn possible paper on ARAM history
 - d. Add the actual documents (pdf, doc or html) under "History" to the extent they are available or can be freely distributed (wary of having too many direct links as they tend to break)

- e. Under events, add "Other Events of Interest" that may point to AIAA and other relevant conferences and meetings. Have past AIAA, not future
 - f. Note that history section shows past papers starting with "August 1917, Dines, W. H., 1917: Meteorology and Aviation. Mon. Wea. Rev., 45, 401-401"
 - g. Current content is key; help Bjarne
 - h. AMS web czar Brian Mardirosian striving for more uniformity in look and feel, but committees to retain flexibility to add features outside of core topics
 - i. Volunteer to cover for Bjarne at AMS web authors meeting Monday 24th at 2:30 to 3:30 in Madrona Room in Sheraton
5. Member nominations for 2012 (four terms expiring) 31 January 2012
 6. ARAM Student best paper/poster award (cash prize) (Matthias Steiner)
 7. Student travel/registration? (competes w/ invited speakers, student awards)
 8. Nominations for awards, lectureships, named symposia, and fellows
 - a. Note: there will be no Walter Orr Roberts Lecture in Interdisciplinary Sciences at 2012 AMS meeting because there were no nominations
 - b. Create ARAM-related award, such as a "Tetsuya Theodore Fujita Award for Contributions to Aviation, Range, and Or Aerospace Meteorology"?
 9. AMS Statements proposal (not necessarily by a volunteer) (in progress: "Drought")
 10. AMS needs more members for the Board on Continuing Professional Development, which is under the Commission on Professional Affairs.
 11. ARAM Terms of Reference review
 12. Thoughts on new AMS committee or board on Meteorology and Public Health, such as for heat, respiratory diseases, water and food-borne diseases
 13. Themed Joint Sessions at January 2012 AMS Annual Meeting on "Technology in Research and Operations – How We Got Here and Where We Are Going" (ARAM to have one-day symposium at that meeting)
